# Underground Colors

Like in a true Hollywood movie, the Autumn/Winter 2015-16 will be the protagonist of a real invasion ..... of COLORS! They come from every place and time. They travel, mingle and become thrill-seeking. They don't want to live in obscurity anymore, they want to be highly regarded, they want to tell stories. Their aim is to achieve absolute happiness. Plays of rash chromatism, of asymmetrical harmonies. They escape from Chaos and head up to a luxuriant nature, towards unknown cities dreaming of a New City, A riot of color.

Come in un film hollywoodiano l'autunno/inverno 2015-16 sarà protagonista di una vera e propria invasione ..... di COLORI! Arrivano da ogni luogo e tempo, viaggiano, si mescolano, si trasformano in cerca di emozioni. Vengono per uscire dall'anonimato, per essere apprezzati, per raccontare storie. Il loro scopo è il raggiungimento della felicità assoluta. Giochi di cromatismi azzardati, di armonie asimmetriche. Scappano da Chaos e si dirigono verso una natura ricca e rigogliosa, verso città sconosciute sognando una New City. Un tripudio al colore.

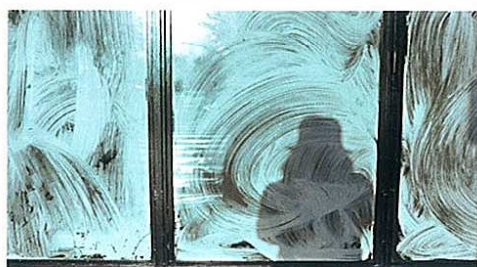

All the codes are gently provided by Color Coloris, refer to current Pantone® Textile Color System publications for accurate color.
